Yes, That sounds great Christine. Let's talk at 4:30pm EST. And agree, we need to respond and get this in to Dennis and Will.

Lynda, I'll call you and can call Joelle if she's available at 4:30 p.m. EST today.

I will push back on Dennis and tell him that the best we can do is get something to him and Will by tomorrow 10 a.m. PST. Does that help?

Deliberative/Pre-Decisional—Not for Public Disclosure

I understand the general concern and I share it. However, we need to get this done. Here's a revised version of the ASK of the State that I have put together based on what staff have essentially done to date. The major difference is that I have put in a milestone when the State needs to deliver the program, be it voluntary or regulatory, to address the CZARA shortfall.

Ex. 5 - Deliberative

Christine,

I understand the push and would like to accommodate. I have concerns with our ability to make sure we're on the same page by COB today.

In general, I think we need to rely on the language from the draft findings so we make sure our message to the state is consistent.

I'm about to go into a few meetings, but will try reaching you after 1pm PT. Lynda, Let us know if you're available, say at 4:30pm.

Thanks, Joelle

Yesterday Dennis and Will had a call with Richard Whitman and Dick Pedersen regarding our upcoming decision on Oregon's CZARA program. The State asked for a draft of the minimum requirements for them to get over the bar to approval and associated milestones that parallel the timeframe for deferral of penalties. We need to get a draft of the latter to Dennis and Will by end of today so that they can get it to Richard and Dick by end of day tomorrow (Wednesday). Will is having a meeting with the Governor this Thursday covering various issues, and will discuss this piece in that meeting.

I think we have what we need to work with but I need your help to refine it. The two documents that I think we use to put together the draft that we would share with the state are attached. I will be working on them this morning to come up with a version that includes some greater specificity on milestone which I will then want you all, particularly Allison (and NMFS contact), Alan and Jenny, to quickly look at and let me know if it meets our needs/expectations.

Things are moving very quickly now and we need to get this done ASAP. I can fill you in more completely on our call tomorrow.
